

# **PRESSURE WASHER** **SALES AND SERVICE**

German made heavy-duty washer ideal for food factories, lorry yards, farmers, busy valeting contractors or builders yards. Robust welded tubular steel frame. 4 equal sized wheels enables the unit to be easily moved over uneven surfaces. Strong simple design. Easy to use and service. Widely available service parts keeps maintenance costs to a minimum. Delivered and installed complete with quick release inlet water fitting.

## **EHRLE KD 1140 Premium.**

**Mobile cold water pressure washer for professional use.**

- Impact resistant rotation molded chassis and cover.
- Three-piston pump with brass pump-head, ceramic pistons & stainless-steel valves.
- Slow-running and air-cooled electric motor – runs at only 1400 revs per minute.
- **TSS-System:** Total-Start-Stop system with off-delay. Machine runs for 15 seconds then stops if not used. Starts as soon as the trigger is pressed. The unit totally switches off after 20 minutes of non-use. This protects the machine from excessive wear and overheating.
- 25 litre water break tank
- Infinitely variable pressure control via unloader-valve.
- High pressure chemical injector with regulator valve

### **Technical Data**

- Discharge Capacity 330 – 1000 litres per hour.
- Maximum working pressure 250bar (3580 psi)
- Maximum inlet water temperature. 60°C
- Voltage AC 415V/50Hz. Connection power 7.4/ 13.1AkW

### **Standard equipment supplied**

- Hose reel complete with 20 metre industrial type high-pressure hose
- Trigger gun with quick release standard 900mm lance.
- Additional 900mm lance with turbo nozzle head – great for stubborn dirt!
